

Dr Sanjay Kumar Yadav

MBBS, MS, MCh, FACS, FSSO | Breast, Thyroid & Endocrine Oncosurgeon

Assistant Professor & Unit In-charge, Breast and Endocrine Surgery, NSCB Medical College, Jabalpur | ABSI FL 783 | sky1508@gmail.com

Candidate for ABSI Executive: strengthening affordable, evidence-based and regionally inclusive breast surgery across India

150+ Peer-reviewed publications	ACS/ASBrS International Scholar 2025	Central India Government-sector breast surgery leadership	Trainees Award-winning research mentorship
---	--	---	--

PROFESSIONAL PROFILE

- Assistant Professor, Breast and Endocrine Surgeon at NSCB Medical College, Jabalpur, serving a large underserved Central Indian population through a government medical college model.
- Dedicated to making standard breast cancer surgery accessible beyond metropolitan centres through low-cost innovation, structured training, audit and guideline-based care.

BREAST SURGERY LEADERSHIP AND IMPACT

- Applied practical, affordable breast surgery pathways including dual-dye SLNB, low-cost core biopsy, axillary ultrasound plus touch-imprint cytology, post-NACT axillary staging work and locally adapted oncoplastic/perforator flap reconstruction.
- Program Director, Minimally Invasive Breast Surgery Symposium, Jabalpur; Course Director, BRIDGE locally adapted breast surgery course; invited faculty at ABSI, AIIMS, SGPGIMS, Best of and multiple national breast meetings.
- Focused on real-world Indian problems: late presentation, access gaps, cost barriers, uneven availability of reconstruction, training inequity and safe adoption of newer breast techniques.

RESEARCH, INNOVATION AND PUBLICATIONS

- Author/co-author of 150+ peer-reviewed publications, including World Journal of Surgery, Breast Cancer Research and Treatment, Langenbeck's Archives of Surgery, The Laryngoscope, American Journal of Surgery, BMJ Innovations
- Research portfolio spans breast cancer surgery in LMICs, sentinel lymph node biopsy, oncoplastic surgery, minimally invasive breast/endocrine surgery, simulation, implementation science, global surgery and patient-centred innovation.
- Experience in randomized trials, systematic reviews/meta-analyses, multicentre collaborations and practice-changing low-cost surgical innovations from a non-metropolitan government institution.

ABSI EXECUTIVE CONTRIBUTION

- Proposed priorities: regional breast surgery training hubs, young surgeon mentorship, multicentre Indian data, affordable reconstruction/SLNB pathways, public awareness, and stronger representation of tier-2/tier-3 and government-sector breast units.

CURRENT ROLES

- Assistant Professor & Unit In-charge, Breast and Endocrine Surgery, NSCB Medical College, Jabalpur.
- Editor-in-Chief, Indian Journal of Endocrine Surgery and Research.
- Section Editor, Endocrine Surgery, Indian Journal of Surgery.
- Nodal Officer, Multidisciplinary Research Unit, Dept. of Health Research, Govt. of India.
- Vice Chair, Membership Committee, Society of Surgical Ergonomics, USA.
- Secretary, Jabalpur Chapter, Association of Surgeons of India.

QUALIFICATIONS

- MCh Endocrine Surgery, SGPGIMS Lucknow.
- MS General Surgery, RIMS Ranchi; MBBS, Kasturba Medical College, Mangalore.
- FACS; FSSO; ABSI Life Member FL 783.

SELECTED AWARDS AND FELLOWSHIPS

- ACS/ASBrS International Scholar Award, 2025.
- SSO-BSSO Observer Fellowship, 2024.
- Travel Award, Association of Breast Surgery UK, 2023.
- Best Faculty Paper Awards, ASICON 2021 and 2022.
- IMA Dr B C Roy Young Talent Award, 2021.
- International/national travel awards: IAES, UICC, ATA, SERB, AsAES, KSELS and others.

MENTORSHIP AND CAPACITY BUILDING

- Mentored residents and fellows whose breast/endocrine surgery projects won national and international awards and travel fellowships.
- Built a trainee culture around clinical audit, low-cost innovation, presentations and publications from Central India.
